

# SAHO Classic Series

## Product Models & Specifications - EVA Based Jelly Adhesives

	Viscosity (cps @ 60°C)	Solid Content (%)	Tack Time (s)	Opening Time (s)	Appearance	Application
	1500±100	67±1	30	200	Green colloid	Desktop laminator, semi-automat
	1500±100	65±1	20	150	Green colloid	Desktop laminator, semi-automat
	1500±100	67±1	18	200	Light green colloid	Desktop laminator, semi-auto line, bo
	1000±100	60±1	15	120	Light green colloid	Desktop laminator, semi-auto line, bo

### Product Features

- Stable viscosity for consistent performance
- Excellent adhesion to paper and cardboard substrates
- Environmentally friendly water-based formula
- Wide operating temperature range
- Available in various colors (green, light green)

### Typical Applications

- Desktop laminator applications
- Semi-automatic glue passing lines
- Box gluing and carton sealing
- Case-making operations
- Book spine and cover binding
