

SAHO Cost-Effective Series

Product Models & Specifications - High Performance Value

	Viscosity (cps @ 60°C)	Solid Content (%)	Tack Time (s)	Opening Time (s)	Appearance	Application
	1000±100	67±1	25	120	Light green colloid	Desktop laminator, semi-automat
	900±100	63±1	20	100	Light green colloid	Desktop laminator, semi-auto line, bo
	900±100	62±1	15	80	Light green colloid	Desktop laminator, semi-auto line, bo
	900±100	60±1	12	60	Light green colloid	Desktop laminator, semi-auto line, bo

Product Features

- Balanced cost and performance ratio
- Fast set time for high-speed packaging lines
- Clean edge application
- Excellent bond strength
- Consistent quality at competitive pricing

Typical Applications

- High-speed packaging production
- Carton sealing operations
- Woodworking applications
- Box gluing with clean edge finish
- Semi-automatic to fully automatic lines
